

Coffee Mystery

A coffee break
digital and playful

What is it ?

Revisit the ritual of the coffee machine in a digital and playful version around 3 key moments!

There's nothing like a coffee break to recreate a bond! But how can we do this when some of our colleagues remain at a distance? One solution would be to organise a **Mystery Coffee!**

The participants are divided into sub-groups (the «sub-committees») and will have to carry out challenges with the aim of getting to know each other better and sharing a good time, even at a distance.
