

Climbing Mount Blanc

A fun dynamic
adventure

What is it ?

Experience the ascent of Europe's highest mountain and try to win the famous Piolet d'Or!

Once in Chamonix, participants set off on the Tour du Mont-Blanc in search of their mountaineering equipment. As they meet new people and receive radio messages from the valley, each team will have to face up to the challenges of the mountains and solve a number of different challenges: manual activities, solving riddles, taking photos...

A cohesive adventure where the grandeur of the feat rivals respect for nature, traditions and local people.
