# Teams Connect

Time Trap

A space-time adventure

What is it ?

Time Trap - The corridors of time is an exciting adventure game in which participants will share an unusual moment whether they are in person, remotely or in a hybrid mode.

The scenario is as follows: the world is witnessing unusual events! The appearance of padlocked boxes with mysterious energy brings chaos to the four corners of the globe.

Teams will have to do everything they can to solve the riddles within the time limit in order to restore space-time order and re-establish world order!
