

Virtual Team Booster

Remote team challenges

What is it ?

The Virtual Team Booster has been specially designed to stimulate remote teams. Whether your team is located in different cities or time zones, this activity is a great way to connect and motivate your employees!

This activity is a mix of photographic missions, puzzle solving and rhythmic challenges. The objective is to collect as many points as possible while boosting team cohesion. Speed, collective intelligence and creativity are the order of the day!

As a bonus, a collective memory that will remain in the memory.
