

Solar Quest

Eco-responsible & united

What is it ?

Enjoy a unique, high-impact team-building experience, specially designed to raise your employees' awareness of environmental and societal issues.

As a team, you have 1 hour to decipher the IPCC data and solve a series of enigmas, combining logic, cooperation and speed. But this challenge goes beyond the game : at the end of your mission, you'll assemble solar lamps for children living without electricity, giving them a safe source of light for studying.

This CSR initiative offers an immersive activity that combines reflection, commitment and concrete impact for a better world! to craft a memorable collective masterpiece !

Organisation :

Briefing (15 to 30min) - Survey & lamp assembly (90min) - Quizz and debriefing (15 min)

In option :

- Possibility to offer gifts to all the participants

20 to 150 participants per team of 4 to 8 people

1h30 to 2h
